There are people who spend their days rescuing and helping others. But there is something that we all need to be rescued from — our sin. God is the only one who can save us from our sin. Without His mercy you would not have a relationship with Him, you would not have a purpose in your life, and you would not have the promise of eternal life. God loves you more than you can imagine. Do you thank God for His salvation? Have you shared with your child about when you accepted Jesus as Savior?

Encouragement for You

Need some inspiration on the journey?

When we are hungry, we seek to eat something to be satisfied. If we have a problem, we go to someone who can help. Jesus calls Himself the bread of life and challenges us to see Him not just as a miracle-worker. Jesus is the only one through whom we can receive eternal life, and only He can fill our spiritual hunger and thirst. As you begin this "I Am" unit with your child, pray that God would help both of you to see Jesus not just for what He can do for you, but foremost as your personal Savior and God.

It can be tempting to try to rely on our own strength. However, it doesn't take long to realize we are really not that strong. Our independence is not part of God's perfect plan. Encouragement for You

Need some inspiration on the journey?

God has not called you to parent on your own power, ability, and wisdom. As a believer, you can be confident that God will bless you abundantly and give you everything you need when you need it, as it states in 2 Corinthians 9:8. God's grace not only saves us from our sins, but it also enables us to do what He has called us to do. You don't have to "go it alone." What a beautiful promise! We all need help every day, and God has promised to give us all the support we need.

Do you need a creative activity to help with memorizing verses? Read this suggested activity and look for a time this week when you can do this with your child!

Pump Up the Volume — Stretch your arm out to your side to be the volume control dial. Have your child watch you for the volume level as he or she recites the verse. For example, raise your hand to get louder or lower your hand to get softer. Don't do more than one volume per word. Then let your child take a turn leading you in reciting the verse.
